February 2010

Hello to one and all

The New Year, despite being a slow, very slow start indeed, has now begun to come alive, I'm glad to say. So, no long intro's, let's get straight down to business. For those of you that have only recently passed your email addresses to us this is what it's for:

A Quarterly Newsletter that keeps you informed of term times and up and coming events.

New Classes at Fairfield Halls, Croydon.

Start Tuesday 16 February 2010

Tickets available from the Box office

As some of you already know, we will be starting an evening of Ballroom Dancing at Fairfield Halls this coming Tuesday. The organizers at Fairfield have asked that we provide classes as well as some general dancing. The initial plan will be to run two classes; one is for Absolute Beginners from 7pm - 7.45pm, followed by an Improvers class from

7.45pm to 8.30pm. This is to be followed by a two hour session of general dancing.

The classes are to be run using the same format as we do on a Thursday night, the only exception being that there will not do a warm up Line Dance in the Improvers Class.

This is a new venture and will be subject to change as time moves on, as at this moment I have no real knowledge of the clientele that, I am told, are requesting the return of ballroom dancing to Fairfield Halls. In time, if it's looking to be a successful evening, and therefore likely to continue, then we may rearrange the format; maybe by reducing the time allotted for general dancing and include an Intermediate's Class.

I am, of course, aware of the difficulties of access to, as well as parking, in central Croydon, but if anyone would like to join us we would be more than happy to have you along, and keen to take on board any feed back that you may have.

## Royal Albert Hall International Championships October 2010

Some of you have already approached me about reserving your seats and boxes for the 2010 Championships. I will be putting out an additional - umm, let's call it a 'Special Edition Newsletter', - in a few weeks time to give you all the details.

So, in the mean time its best regards from Paul and Team...
