Social Evening Thursday 21st March 2013

It is upon us, an opportunity to practise in a safe environment amongst people you know and dance with regularly. The music will run with 3 tracks of each dance which should give you the time to reinforce what you know, or even don't know, but want a good go at. Most importantly, please remember that you will only get out of it as much, or as little, as you put in. Make mistakes, get it wrong and then get it right. If there is anything that isn't working and can't be solved on the night we can always look at it in a class. I am sure we can all learn something from someone else's query.

Please note that the evening is open to Strictly Fun Dancing associated people be it that you see us for classes or private lessons.

Time: 7.30pm - 9.30pm (or 9pm if the evening has run its course)

Price: £7 per person (or £11 if you are doing the class as well)

Tea and Coffee included.

The only regret I have is that I am unable to be with you. Which considering this is the first we have organised an evening like this feels like I have abandoned you. However, having set the date it then

unfortunately clashed with a last minute chance to spend quality time with the family, a chance that I could just not pass on.

The team however is at hand ready willing and able to give you a good evening's dancing. Please give them your support.

Tea Dance - Grafton - Sunday April 21st 2013

On the above date and venue we are holding a new event, a tea dance, where we aim to provide a full spread of sandwiches, scones and various cakes coupled with an afternoon of mellow music and dancing.

Start time: 2pm

Finish: 4.30ish.

Price: £15 per head.

Summer Ball - Grafton - Saturday June 22nd 2013

The date is set but as of yet not a lot else. Rest assured however I will be sending out some info in the near future.

If you are interested in attending either of the above events please let us know by way of email, phone or in person. In the meantime have a good Easter break and see you all bright and breezy next term.

Best regards

Paul and Team
