Newsletter

Spring 2017

Greetings to one and all,

I have nothing much to say this time around other than I am really pleased with the dedication shown by many and very encouraged by the recent number of enquiries about when is the right time to move up to the next class. What is not so good is that some have dropped by the wayside because - and the word on the grapevine is - they do not feel cut out for dancing because it is just too difficult. This is of course disappointing but would say that, whilst attending a class is good it is the putting it into practise that really makes the difference; that is where you really learn. There are a number of T dances dotted around Croydon and local areas, and there is of course Grafton on a Saturday evening, which you are more than welcome to attend.

Last Christmas Ceilidh

I would like to say a big thank you to all who supported the Christmas Ceilidh held at Grafton in 2016. It was a new venture for me and therefore not a tried and tested one, but judging from the feedback received, it was a fantastic event and a great night was had by all. I would also like to take the opportunity to add a special thank you to

those who assisted with the running of the evening too, whose invaluable help made me worry a whole lot less.

As a point of interest, despite me telling the band that you were dancers and would all be keen to participate, they were still astounded by the amount of people on the floor at any one time. I think at one point Dave, the caller, even had to ask people to sit down, something he said he had never had to do before. 'So, wells done use guys!'

Spring/Summer Term - Finish/Start Dates

The last classes before Easter will be held on
Thursday 30 March 2017.

We will have a two week break over Easter.
All classes resume on Thursday 20 April 2017.

Best regards

Paul and Team
