### Summer 2015

Summer greetings to you all,

Lots of new faces so far this year which is great; your support is most welcome, thank you.

Hopefully, we have are achieving and will continue to achieve the right balance between learning and laughing for you all to maximise the experience, even with dances like Paso Doble!

### Summer Dancing

Over recent years I have run a number of social functions during the summer as well as at Christmas and New Year periods. However, this year personal circumstances have precluded that being the case.

Having asked me if I was doing anything this Summer, with the response being as above, Mike Trice, who attends the 8.30pm class, surveyed the attendees of that class if they wished to spend a relaxed, no frills evening of dancing and socialising at my Studio in Dulwich. Having given them the possible dates the chosen Saturday will be 8 August 15.

The invitation is open to all - no frills social dancing - bring your own bottles of booze (we don't have a licence) - I can provide the glasses - Soft drinks, Tea Coffee also available.
