

Strictly FUN Dancing

Newsletter

December 2011

Hello to one and all,

It's a little late in coming I know; particularly in comparison to last year's newsletter which was rolled out somewhere near the end of November! I can't believe how time has marched forward so quickly this year but here we are again planning Christmas parties.

For us, this past year has thrown up many challenges, particularly in respect of the Grafton, consuming vast amounts of valuable time and energy; the inevitable result being that I have not been as attentive to Strictly Fun Dancing as I would have liked and must therefore apologise if I haven't always got it right. It has been mooted that maybe I should concentrate on Grafton only but this I do not consider an option. Please be assured that although things are, at times, a little hectic here, whilst I still get a kick out of running it and you guys keep coming we will continue to provide as entertaining, varied and interesting classes, lessons and events as we possibly can.

Christmas Party Friday 16 December 2011

Don't forget (as if you could) it's party night this coming Friday at St Christopher's private school. The evening consists of Champagne reception (yes champagne as opposed to what ticket says as being sparkling wine) and we also have cold fork buffet followed by a cabaret of Latin dancing. With regards to dress code the ticket says lounge suit. However, if you prefer black tie then so be it, the choice is yours gentlemen as indeed ladies it is your choice if you want to wear a long or short dress!

The weather forecast talks of snow Friday but unless the drifts are up to the window ledges and the snow ploughs can't get through we will be there, 'whatever the weather'!

Please remember to bring your own drinks as we cannot sell alcohol. There will however be a limited supply of soft drinks available.

Beginners Level 2

Those of you who have been attending this class are well aware of the many changes / modifications that this class has gone through since its inception but we are still of the opinion (particularly with the numbers in the Improvers Class) that it is a class worth pursuing (for the moment at least), and would like to thank those, directly affected by the alterations, for your co operation so far. The class may still undergo some further restructuring but we have decided that, for the moment at least, it will run in the rear hall at 7.30pm with Carolyn.

Facebook Requests

Please do not be offended if I have not accepted a request to be your friend. It is not a personal rebuff in any way but rather my preference not to become involved or associated with any of the networking sights.

And so to finish off, if we do not see you before Christmas then we at SFD would like to take this opportunity to wish you all a Merry Christmas and a happy New Year.

Best regards

Paul and Team
